

Event Recap:
Risk Management and Audit Committee
Special Interest Group Meeting on April 26, 2018

A meeting of the NACD NorCal Audit Committee Special Interest Group was held in San Mateo on April 26, 2018.

Topics discussed by the membership included key risks facing various industries as companies move towards a more Digital future. Members questioned whether their management teams are doing enough to address the risks related to transforming business models, processes and systems in and increasingly Digital world. Members also discussed the potential risks related to the increased use of Robotics, Artificial Intelligence and Machine Learning.

IMPORTANT UPDATE:

At the request of chapter leadership, and based on feedback from members, the SIG will be renamed the Risk Management and Audit Committee Best Practices SIG, going forward. This new focus on Enterprise Risk as well as Audit Committee best practices will allow for broader discussions that are top of mind for the membership.

KNOWLEDGE SHARING:
